MEMORANDUM

TO: All On-Call Taxicab CCN Holders
FROM: D. Michael Tully, Director
DATE: Monday, April 23, 2007
RE: **NEW** Busch Stadium Event Stand

Over the past five months, I have been in working with Busch Stadium officials, Scottrade officials, Edward Jones Dome officials, St. Louis Metropolitan Police Department, the City Parking Division, and the City Streets Department. After much discussion, planning, and coordination, I am pleased to announce the implementation of the Busch Stadium event taxicab stands. There are now permanent event taxicab stands for the Stadium.

Each of the new events stands, specified below, is to be used **ONLY** during Cardinals events. These stands could pose dangerous traffic obstructions if they are used at times other than during Cardinals events.

Even though the stands have been approved by SLMPD Traffic Safety Division, the Traffic Officers on location are responsible for traffic control during events. I ask that your drivers cooperate with the officers working the event and to follow their instructions.

Some parts of the new stands will give drivers access to areas closed to regular traffic. With permission of the Traffic Officers, cabs will be allowed to enter these areas. Please remind your drivers to operate with caution while in these areas as there may be an increased number of pedestrians.

Please disseminate the specifics about these stands to all your drivers. I have included a map of the new cab stands. Please ask your drivers to familiarize themselves with the new stands as soon as possible.

Thank you.
